

DR. HAMILTON TO BE CALLED Will Appear as Expert Witness at Examination as to Thaw's Sanity. DECISION CAUSES SURPRISE BELIEF WAS THAT NO EXPERTS WOULD BE SUMMONED.

New York, March 29.—From sources assumed to be authentic, it was announced late tonight that Dr. Allan McLane Hamilton, alienist, will be called to testify tomorrow before the lunacy commission that is to determine whether Harry K. Thaw is mentally competent to understand the nature of the proceedings in his trial for the killing of Stanford White and rationally to advise his counsel. Dr. Hamilton, it was said, will appear as a witness by request of the commission and will be the only expert examined.

The declaration that Dr. Hamilton would be called was a surprise, as it had been generally understood that the commission would not hear any expert testimony as to the defendant's condition of mind. Dr. Leopold Pottel, one of the commissioners, it was expected would be called to determine any medical points involved.

Believes Thaw Incompetent.

It was Dr. Hamilton that precipitated the request by the district attorney for a lunacy commission. Originally retained by the defense, Dr. Hamilton was expected to be called to testify as a witness for the defense. Later, however, his connection with the defense was severed and he was substituted as a witness for the state. He was not called by the prosecution, but was eventually summoned to the witness stand by the defense.

Under examination at that time he testified that Thaw was insane when he committed the crime in the Tombs last summer and he believed him still insane. Replying to a question by Attorney Cleason for the defense, Dr. Hamilton said he believed that the prisoner was unable properly to advise his counsel. District Attorney Jerome at this point interrupted the witness and appealed to the conscience of the court to consider whether a lunacy commission should be appointed. District Attorney Jerome, it was known, had been anxious to introduce certain witnesses before the commission, but up to tonight there had appeared little likelihood that he would be successful. This evening, it was stated, the lunacy commission notified the district attorney that it would require the presence of Dr. Hamilton tomorrow. It was also stated that Dr. Hamilton, the Tombs physician, and other officials at the Tombs will be called.

Effect of Findings.

If the commission should submit a report to the effect that Thaw fully understands the nature of the proceedings against him and has rational advice with his counsel, Justice Fitzgerald will simply direct that the trial proceed without making public the commission's findings. If the report should be against Thaw, Justice Fitzgerald will announce the decision from the bench, and if he deems the prisoner's release to be dangerous to the public peace and safety he will sign an order directing his confinement in some state hospital for the insane, probably Mattawan.

WANT CARRIER REMOVED.

Charge Made That He Does Not Deliver Mail Promptly—Which Allegations He Denies.

American Fork, March 29.—The people living near Fort Canyon, north of Alpine, have sent a petition to the postoffice department at Washington, D. C., asking that Joseph F. Ingersoll, the present rural mail carrier, be removed, stating as their reasons that he does not deliver the mail promptly. Mr. Ingersoll has gotten up another petition, signed by over a hundred citizens of that district or along his route, asking that no attention be given to the other petition and denying that he has been irregular in delivering the mail, stating that the only time that he has missed some of the houses was when it was impossible to get to them on account of the bad condition of the roads and bridges. The first-named petition had twenty-seven signatures.

The leading merchants here, at a meeting today, decided to close their places of business at 4 o'clock p. m. during the entire year, and to open at 7:30 o'clock a. m. from April 1 to October 1. On Saturdays nights and nights preceding holidays, the closing time will be 7 o'clock.

SAYS HE IS VICTIM, ALSO.

Eureka Man Tells His Story of Ely Hold-up.

(Special to The Herald.)
Ely, Nev., March 29.—Tom Wilson, claiming Eureka, Utah, as his home, who was arrested here on complaint of "Pauline Hill" Loss, a gambler, who alleged that Wilson assaulted him with a pair of brass knuckles and attempted to rob him, claims that he is not a hold-up man, but that he was a victim of the same thing who assaulted Loss. Wilson says that instead of Loss having beaten him up after the assault of Loss, he was himself attacked and slugged, and that he was robbed of a check for \$30 and \$18 in money. Wilson is virtually a stranger here.

Maybe you have made up your mind not to buy a new suit for tomorrow.

If so, don't come in here and look at these Hart Schaffner & Marx clothes. They are irresistible from a standpoint of price, quality or fit.

If we were you, we would buy a new suit anyway. 50c to \$3. Worth more.

CRISIS EXPECTED TO COME TODAY

Continued from Page 1.

Legislature forcing earnings down, the prospect of decreased revenues must be taken into consideration.

Hope for Settlement.

Denver, March 29.—Officials of the Colorado Manufacturers' association and the Denver chamber of commerce received telegrams from Chicago tonight expressing the belief that an amicable settlement of the differences between the employees of the western railroads and the General Managers' association will be had. The telegrams were in response to appeals addressed to the Illinois Manufacturers' association to use every influence to prevent a general strike.

Will Unite in Disputes.

Buffalo, N. Y., March 29.—A secret conference between delegates of the Brotherhood of Trainmen and the Order of Railway Conductors which has been in progress here for two days closed early today after ratifying the agreement formulated at Indianapolis recently to federate on all matters in dispute with the railroad companies. It calls for co-operation of officers of both bodies in order to present a bold front to their employers.

BREWERS WALK OUT.

Men at St. Louis Refuse Increase of 5 Per Cent.

St. Louis, March 29.—In an effort to enforce demands for increased wages made by members of the United Brewery Workers' union about \$50 brewery workers walked out of the twenty-three breweries in St. Louis today. The strike followed a conference of representatives of the brewery workers, National Secretary Kemper of the United Brewery Workers and representatives of the boss brewers, during which the boss brewers refused to grant the sliding scale increase demanded of from 5 to 40 per cent, and endeavored to effect a settlement by a general increase of 5 per cent. They finally offered a general increase of \$1 a week for each employee. The offer was made too late today to stop the strike and the walkout took place, stopping work in every St. Louis brewery.

Only One "BROMO QUININE."

That is LAXATIVE BROMO QUININE. Similarly named remedies sometimes deceive. The first and original Cold Tablet is a WHITE PACKAGE with red and black lettering, and bears the signature of E. W. GROVE, 25c.

TO VOTE ON SCHOOL BONDS.

Granite District Wants \$40,000 for Improvements.

The Granite school district has called a special bond election for April 6. It is proposed to issue bonds to the extent of \$40,000, the money to be applied to the erection of a schoolhouse at Garfield and to improve work at Holladay, besides the completion of rooms in schoolhouses at one or two other points. It is planned to erect a schoolhouse at Garfield to cost in the neighborhood of \$20,000 as the growing needs of the thriving little town are said to fully warrant such an expenditure.

Plumbers' Strike Settled

Journeymen Get \$3.30 a Week Increase in Pay—Forty-eight Return to Work.

The striking journeymen plumbers of the local Plumbers' union, about forty-eight in number, returned to work yesterday after about two weeks' idleness through the strike called when the master plumbers refused their demands for increased pay. About twelve shops were affected by the strike. The journeymen are at work at \$3.30 per week for senior plumbers, \$3.00 for junior plumbers, and \$2.50 for apprentices. The journeymen, however, get paid for only four hours' work Saturday, where formerly they were paid for five hours' work. The strike committee of the master and journeymen plumbers settled the strike Thursday night in the Third district. The master plumbers will ratify the action of their committee today. The master plumbers have followed the United States company and Bingham Smelter's fence, back to the place of beginning, thus saving less than one square mile of land. A minority report, championed by C. E. Ganlin, was presented, which recommended a somewhat larger area of territory, and including the smelters. The smelter men, including Superintendent Hazleton, turned out en masse at the meeting and defeated the proposition of including the smelters. A committee consisting mostly of smelter employees was then selected to get the signatures of 100 qualified electors and property owners, which are necessary in order to take the county commissioners to call an election. There is a great diversity of opinion as to whether or not the smelters should be included. The present indications are that it will be impossible to secure the required signatures, and the county commissioners will be forced to call an election.

MAY NOT INCORPORATE.

Doubtful If Sufficient Signers Can Be Secured in Boundary Proposed.

(Special to The Herald.)
Bingham Junction, March 29.—At the citizens' mass meeting held here Wednesday night in the D. S. assembly rooms, to decide whether or not a city form of government was wanted, the committee on plans and specifications made a report recommending that the boundary lines of the proposed city be drawn to include the area of territory Sugar street, run thence east to the Oregon Short Line railway, then due south, crossing Angell road near James Kovod's residence, thence due west to the south side of the United States Smelter company's property, thence north, making a six-mile line following the United States company's and Bingham Smelter's fence, back to the place of beginning, thus saving less than one square mile of land. A minority report, championed by C. E. Ganlin, was presented, which recommended a somewhat larger area of territory, and including the smelters. The smelter men, including Superintendent Hazleton, turned out en masse at the meeting and defeated the proposition of including the smelters. A committee consisting mostly of smelter employees was then selected to get the signatures of 100 qualified electors and property owners, which are necessary in order to take the county commissioners to call an election. There is a great diversity of opinion as to whether or not the smelters should be included. The present indications are that it will be impossible to secure the required signatures, and the county commissioners will be forced to call an election.

WATER TURNS IT DOWN.

Doesn't Care to Serve on Agricultural College Board.

W. W. Ritter, recently appointed by Governor Cutler as a member of the Agricultural college board, has informed the chief executive that he will be unable to discharge the trust conferred upon him. Nothing is known as to Ritter's reasons, but he could be learned at the governor's office yesterday, although it was admitted that he had declined the appointment. Mr. Ritter himself declined to discuss the matter.

PROVO NEWS NOTES.

Provo, March 29.—Many relatives and friends attended the funeral services over the remains of Mrs. Elmina Allman, held in the old tabernacle today. The speakers were Bishop O. H. Berg, Apostle Reed Smoot, President David John, Patriarch C. D. Evans and Elder J. P. R. Johnson. The first ward choir rendered appropriate vocal selections.

Elders J. E. Booth and E. S. Hinckley and Bishop Albert J. McManis were the speakers at the funeral held today in the Fourth ward meeting house over the remains of J. E. Acord. Appropriate vocal selections were rendered by the ward choir. There was a large congregation of relatives and friends in attendance. The remains will be taken to Spring City for burial tomorrow.

The Provo Elks have elected the following officers for the ensuing year: Exalted ruler, D. R. Beebe, re-elected; esteemed leading knight, Ben L. Schwab; esteemed leading knight, Phillip Speckart; esteemed leading knight, Phillip Speckart; secretary, Frank A. McGraw, re-elected; treasurer, J. W. Bates, re-elected; trustee, Josiah Beck; Tyler, A. D. Sutton; representative to annual grand lodge reunion, at Philadelphia, July 15 to 19, 1907, D. D. Houtz; alternate, D. R. Beebe.

Miss Ruth Mader, of the county assessor's office, who has been ill at her home in Spanish Fork for some time, has recovered and is again at work in the office.

Judging from the interest taken by horsemen in the horse show to be given here on April 17, it will be the largest and best exhibit of horses ever held in the county.

The mudslide in Provo canyon, which has stopped railway traffic for several days, is being removed by a large force of men sent up by the railroad company. It will probably be three or four days before trains can be operated.

NOTICE TO OUR CUSTOMERS.

TWO SOLDIERS SENTENCED

McCabe and O'Leary Must Serve Fifteen Years for Beating and Robbing Citizen.

Fifteen years' hard labor was the sentence meted out by Judge Armstrong yesterday to Mike McCabe and W. J. O'Leary, the two soldiers convicted of the robbery of Harold Berrum on the night of February 27.

In passing sentence Judge Armstrong took occasion to scold both men severely for the dastardly nature of their crime, referring to the fact that soldiers are supposed to be on the side of law, order and decency, and not robbers who beat their victims into insensibility as a means of accomplishing their ends. So far as it lay in his power, said the court, he would see that the community was protected against such crimes and the guilty punished as they deserved.

The men appeared in court stripped of their uniforms and plainly dressed in civilian's clothing. George C. Buckle, one of the attorneys appointed to defend them, made a brief speech in which he asked for leniency. District Attorney Leofolow then spoke briefly in reply.

The court then pronounced sentence.

Court Notes.

In the case of Jesse Argent against the Bingham Copper & Gold Mining company, the verdict has been reduced from \$500 to \$200, and failing the return of the difference a new trial will be granted.

Richard F. Smith and others yesterday filed suit against the Bingham Group Mining company and the Sacred Mining & Milling company and others to quiet title to the Crossroads mining claim, and asking judgment in the sum of \$5,000.

G. Cereghino and B. B. Quinn yesterday filed suit in the Third district court against John Smith to recover possession of certain property at Bingham, claimed to be unlawfully in the possession of the defendant. Damages are asked in the sum of \$1,000.

THE PENALTY OF OVERWORK.

Work has been man's lot since the creation, but a day of toil should not have its penalty of pain. Why is it, then, you ask, that backache so often follows? It is because the modern tendency is to overwork, to tear down faster than nature can rebuild. An unnatural strain is thrown upon the vital organs, and more especially upon the kidneys, which have the work of filtering the blood free of waste and poison.

The heavy tax of overwork—the strain upon the back that is so common to many trades and occupations, is too great. The kidneys begin to fail in their work, and there is a double danger to health. The poisonous matter collects in the system and the kidneys themselves begin to break down.

Pain in the back is only a warning of trouble in the kidneys. An inflammation has set in, and a disordered condition of the urine soon becomes apparent.

Too much or too little urine, with a constant desire to void the secretions; any noticeable deviation from

the normal color; the appearance of a sandy sediment, proves a disordered condition of the kidneys, that needs quick attention.
If your work seems hard for you, if you have a lame, weak or aching back, if you seem tired and listless, and seem to be running down without apparent cause, begin at once with Doan's Kidney Pills, the great kidney remedy that has cured so many of your neighbors. It has given thousands of working men and women, strong, solid backs for their daily work.

HERALD PROOF.

K. Searles of 450 West Second South street, Salt Lake City, Utah, says: "I cannot praise Doan's Kidney Pills too highly. I procured this remedy at the F. J. Hill Drug Co.'s store and used it for a kidney trouble which had brought me into a rundown condition. I did not expect such quick relief, but by the time I had taken two boxes there was a big improvement. The kidney secretions were regular again, and every pain or ache had been removed. I certainly owe Doan's Kidney Pills a strong endorsement."

DOAN'S KIDNEY PILLS

NUNN MAY USE WATER.

Government Waives Rights to Bear and Mud Lakes.

Washington, March 29.—The secretary of the interior today granted the application of L. L. Nunn to use the waters of Bear and Mud lakes in Utah for irrigation and power purposes. The matter has been held up for a long time because Mr. Nunn's plans were believed to interfere with the government project for the utilization of the waters in Bear lake for land reclamation. In the decision reached today the government agrees to get out of the way temporarily, but it will retain the right to proceed with its own work if Mr. Nunn should fail to keep his engagements.

MOUNT makes all varieties of pickles, and makes them all equally well.
